

# Jokey. Packaging Done Wisely.

On the following 6 pages you will find the packaging colours available from stock. In addition to the 11 standard Jokey colours, you can choose from 114 special colours. These also include transparent, semi-transparent or metallic colourations.

Please note that the illustrations are not colour-binding and only apply to new material. In order to determine the shade accurately, we recommend matching it with a Pantone colour guide. RPPs/RECs and products based on regrind/regenerate are excluded.

Of course, we can also produce your packaging in RAL and HKS colours or with brand-specific colour mixtures.
