# Accomplished plastic expertise. Our business divisions

### **Packaging solutions**

The right packaging for every purpose.

### Jokey Individual

Packaging individually designed and decorated for you.

### Jokey Technics

Technical plastic parts of uncompromising quality.

## Jokey SPA

Our brand variety for your bathroom idea.

Our good market position is due to a sustainable business strategy—shaped by values that the owner family represents both internally and externally. They are the cornerstones of our decisions. Today and in future.

### Down-to-earth attitude

Jokey is a traditional and modern global player and regionally committed. We reinvest our profits. Our high equity ratio gives us stability in volatile markets—and agility when it comes to innovation, quality, service and sustainability.

## **Quality and competence**

Every day and everywhere, we strive for quality and competence. It begins with simple things as thoroughness and order and extends to the continuous development of the professional and personal competence of every employee, every manager and every shareholder.

# Respectful honesty

We communicate openly, honestly and transparently. We regard feedback as an incentive to improve. By respectful honesty, we open up new creative possibilities for our employees; and we are a trustworthy partner to our customers, partners and stakeholders.

# **Ecological and social responsibility**

As a family business, we take our responsibility towards people and nature very seriously: as a safe and crisis-proof employer, as a guarantor for a sustainable business policy, and as a pioneer for sustainable packaging, and a participant in shaping the ecological balance.
