

Jokey Packaging

Helpful in every way.

Economical.

Jokey plastic packaging prevents products from being lost, and makes both filling and logistics easier.

- > low packaging costs
- > lightweight
- > absolutely leak-proof and hygienic
- > break-proof and bulge-proof, rust-proof and weatherproof

User-friendly.

Our packaging is easy to carry and protected by a tamper evident safety seal. The user can empty out the contents completely. The empty container can easily be reused as a processing vessel or as a storage container.

Effective for advertising.

About 80% of purchasing decisions are made spontaneously at point of sale. You can exploit this potential perfectly with Jokey.

- > wide standard programme with plenty of shapes, volumes and accessories
- > developing customised container shapes for customers
- > high definition refining technology

Sustainable.

Jokey is developing packaging with thinner and thinner walls, in order to minimise the usage of raw materials. All our packaging is up to 100% recyclable in the raw material cycle. We recommend the resulting recycled materials for non-food packaging.

Container overview

JMP	ISO vol.	LxW	Height
JMP 185	18.68 l	400x292 mm	260 mm
JMP 35	3.5 l	in planning stage

Ovals meet right angles.

The design evolution.

A completely new type of packaging.

The Jokey Multi Pack will surprise you with its successful mixture of oval and right-angled construction. Its rounded corners are perfectly in keeping with current tastes. The innovative design shows an awareness of style and trends in its own unique way.

The best ambassador for your brand.

It's not only the unusual shape of the Jokey Multi Pack that will make your product stand out visually, but also its wide facing. The front and back sides have plenty of space to offer for promoting your products. They can be extensively decorated with Jokey's first-class printing process. Brand recognition is not a problem for us; we can produce containers, lids and handles in the exact colours of your brand. The new shape style, combined with emotive branding, is guaranteed to make your product an eye catcher.

The new Jokey Multi Pack is the ideal container for a product launch!

The multi-talent for every purpose.

Ergonomic plastic handle

The high-strength handle can be manufactured in a different colour to the container in a 2K procedure.

Plenty of space for promotion

The entire front and corner areas are fully visible in your sales area.

Optimal logistics

The right-angled shape with rounded corners makes perfect use of the space on the pallet.

Transportation security

Adaptive segments in the lid enable it to hold fast to the pallet, and make fully automatic filling much simpler.

All possibilities for decoration

Suitable offset, high-quality digital printing and brilliant in-mould labelling.

Easy handling

Easy to open and safe to transport.

Suitable for mixing units

The container is suitable for mixing units, and stays 100% tight.
