

JOKEY GROUP

A CUSTOMER-ORIENTED FAMILY BUSINESS
WITH A GLOBAL PRESENCE

JOKEY GROUP

COMPANY PROFILE

The Jokey Group has been a European stock corporation (SE) since 2019. The company is owned and managed by members of the Kemmerich family, now in its second and third generation.

Jokey is a globally leading manufacturer of plastic packaging with a history shaped by continuous innovation and expansion.

Founded in 1968 in Wipperfürth, the company has established itself as a pioneer in the plastics industry over the decades.

With 14 production sites in 11 countries and more than 2,100 employees from 48 nations, we serve over 7,000 customers in more than 80 countries — from packaging for food, paint, and chemicals to innovative reusable packaging and solutions for the sanitary industry.

Founded 1968

14 plants

11 countries

7,000+ customers

2,100+ employees

TECHNOLOGY

Jokey relies on cutting-edge technology to ensure high quality and efficiency in production. With 580 injection molding machines and 501 in-mold labeling robots, we continuously optimize our processes and offer customized solutions.

GLOBAL PRESENCE

Jokey is present across Europe, North Africa, North America, and Asia.

Our product portfolio spans the food, paint and chemical industries, hygiene products, technical plastics, and includes two reusable packaging lines.

PRODUCTS

PACKAGING:

For the food and non-food industry.

REUSABLE SOLUTIONS:

Innovative reusable packaging solutions in various designs.

ISBM (INJECTION STRETCH BLOW MOLDING):

Ideal for dimensionally stable small packaging.

BATHROOM FURNITURE:

Offering a wide range of solutions for various industries.

KEEPIN':

Another brand line by Jokey, specialized in reusable packaging solutions.

SUSTAINABILITY AT JOKEY —

OUR COMMITMENT TO THE FUTURE

Sustainability is deeply embedded in Jokey's corporate philosophy. As a medium-sized family business, we take our responsibility toward the environment, nature, and future generations seriously.

Our Jokey Eco Concept integrates ecological, economic, and social responsibility. As early as 1991, we launched the first bucket made from 100% recycled material and have been promoting the circular economy ever since.

Our climate targets are validated by the Science Based Targets Initiative (SBTi). By 2030, we aim to reduce absolute greenhouse gas emissions under Scope 1 and 2 by 42% (compared to 2021), as well as Scope 3 emissions from purchased goods, logistics, and product end-of-life treatment.

Jokey also commits to reducing absolute Scope 3 GHG emissions — from purchased goods and services, upstream transportation and distribution, and end-of-life treatment of sold products — by 42 percent within the same timeframe.

In collaboration with WWF Germany, we defined concrete steps to support the Paris Climate Agreement and the 1.5°C goal. Through Eco Concept 4.0, we pursue climate-friendly packaging solutions, resource-saving production, and sustainable sourcing. Our goal by 2030 is to further reduce CO₂ emissions and actively strengthen the circular economy. In doing so, we make an important contribution to environmental protection and future-oriented corporate management.

BOARD OF DIRECTORS

The SE management is led by an experienced team:

Jens Stadter, CEO

Christof Kölschbach, CSO

Thorsten Lückmann, CFO

Thomas Becker, COO

Chairman of the Executive Board is Ralf Kemmerich. In addition, Anja Kemmerich serves as Deputy Chairwoman of the Supervisory Board, with Herbert Kemmerich and Peter Köhler as further members of the Supervisory Board.

FUTURE OUTLOOK

Through ongoing market expansion and continuous product development, Jokey remains an innovative frontrunner in the plastics industry. We are committed to sustainable solutions that meet customer demands and global environmental standards.
